

## Rock of Wisdom School, Melfort, Zimbabwe

Here are some of the children on an outing into the City of Harare, to visit the Human Sciences Museum.

Recently, the school was visited by a missions team from Charis Bible College, Walsall.

Building Programme: There are two dorms being built, one for boys and one for girls. A kitchen is almost complete. Some landscaping has taken place, with the planting of fruit trees and also lawn.

### THANK YOU DONORS AND PARTNERS

Above: Lunch out! What a great experience for them all. This is the first time for most of the children.

Above: Afternoon break at school.

Back down to earth with a staple of rice.

Above: Morning assembly with Joanne from UK.

At the borehole: No running water at home!
