

# Rock of Wisdom School, Melfort, Zimbabwe

A few weeks ago, the children with their teachers, had to walk a very challenging 4 kilometres to a clinic to receive medication for Bilharzia.

They walked over a very narrow bridge (pictured below) that had been partly washed away. This was next to a dam, a very precarious route, but one that had to be taken.

They also had to wade across a stream, where the older children carried the younger ones to safety. This was not ideal for either the children or the teachers, but God protected and sustained them. Our long term focus is to raise money to buy a much needed bus.

**The school's most urgent needs are providing food for the children and paying the teachers' wages. Can you help please?**

**THANK YOU PARTNERS**
