

Rock of Wisdom School, Melfort, Zimbabwe

Mrs Catherine Kagandi from Harare Polytechnic teaching the children how to make donuts!

This was in July when she had two days off. A great treat for the children and lots of fun too.

Left: Hard at work rolling out the dough.

Please visit the website for more stories about the school.

Above: The children on an environmental trip, learning about trees. Lesson from Genesis 2:9.

Would you like to give a gift from as little as £2? See our website for details of how to give.

THANK YOU PARTNERS FOR ENABLING ALL THIS!
